

LINEAR PISTON FILLER

Linear piston filler with 2-3 heads for dense and semidense products

STAINLESS STEEL STRUCTURE

Consisting of:

- Easy cleaning structure
- Product hopper with pneumatic valve
- Bottom-up filling version available for foamy products
- No-can no-fill device
- Safety guards complying with CE regulations
- Motorized conveyor belt with gear motor controlled by variable drive
- Semi-automatic washing cycle with special system for cylinder washing

LINEAR PISTON FILLER

ADVANTAGES

- Memorization of parameters and recipes
- **Easy** cleaning and high sanitation level
- **Simple** use and ergonomic controls
- **Flexible** product change and **quick** format change-over adjustments

APPROX. TECHNICAL DATA

• Containers dimensions	: Ø 40÷120mm / H 40÷270mm
• Dosing capacity	: 100÷1050ml
• Installed electric power	: 1,5 kw – 5kw
• Air consumption	: 50 NI/min
• Water consumption	: 150 lt/h
• Overall dimensions	: 3500x1500x h2000mm
• weight	: 600 kg

This technical sheet gives an approximate description of the machine.

The technical features and the machine configuration are to be confirmed at the time of order.
